

Welcome to Bronze Base At Hazelbeck School

We work hard and enjoy ourselves

Asim & Nicky are teaching assistants who help us learn, but we try to be as independent as possible.

Megan is a teaching assistant who helps us learn. She's fantastic at signing.

We aim to make learning fun and to prepare ourselves for adult life.

Learning is practical and we have access to an amazing kitchen area all day so we can practice life skills like cooking, cleaning and laundry

English, phonics and maths are still important as we learn skills to help us in adult life.

It is important that are learning is closely linked to what we are interested in such as music, animals, the theatre and sports. We love to hear your news from home.

Ruth is our class teacher

Ruth keeps in touch
with families using Class
Dojo

Please contact Ruth or school if you have any questions.

You don't have to wear school uniform in sixth form. We want to make sure everyone gets a chance to learn the most they can so please make sure you come to school every day.
